

Windsor Bench

A comfortable Windsor bench, based on a traditional model and handmade using traditional techniques in English woodland timber - ash for the back, spindles, arms and legs with an elm seat. This chair is available in raw wood which will age beautifully over time or painted to deepen and enrich the natural colour of the wood.

The dimensions below refer to our standard size, but these can be altered according to client requirements. For more information, including pricing and lead times, please press the 'ENQUIRE' button or email bespoke@maxrollitt.com.

Height: 101 cm Width: 152 cm Depth: 70 cm
